Participant Portal User Guide

Register and Accreditation Application Platform

Table of Contents

1   Glossary

Term	Definition
Accredited person	An accredited person means a person who has satisfied the Data Recipient Accreditor that it meets the criteria for accreditation specified in the Consumer Data Right Rules and has been accredited by the Data Recipient Accreditor.
Accreditor	Data Recipient Accreditor – currently the Australian Competition and Consumer Commission.
ACCC	Australian Competition and Consumer Commission
ADI	Authorised deposit-taking institution
ADR	Accredited data recipient
AFCA	Australian Financial Complaints Authority
Affiliate	A person accredited to the sponsored level and in a sponsorship arrangement is known as an affiliate of its sponsor. A person does not need to have sponsored accreditation to enter into a sponsorship arrangement as an affiliate, but will need it to make the consumer data requests.
Applicant	A person who submits an application for accreditation as an accredited person.

Associated person	A person involved/or could be involved, or who would be involved if accredited, in decision making by the applicant or accredited person or who has the ability to significantly impact another person's management of CDR data. For a body corporate – an associate of another person or associated entity has the meaning given to it under the *Corporations Act 2001.*
CDR	Consumer Data Right
CDR Participant Portal	The online mechanism to create a CDR portal account, complete and submit an accreditation application, register as a data holder, manage and update a participant's information.
CDR Register	Register of Accredited Persons
CDR Rules	*Competition and Consumer (Consumer Data Right) Rules 2020*
Data holder	A holder of CDR data.
Participant	A data holder or an accredited data recipient participating in the CDR regime.
Sponsor	An Unrestricted ADR who has entered into a sponsorship arrangement with a sponsored ADR. The Sponsor must collect data for the Affiliate. A Sponsor can have many affiliates.

Sponsored Accredited Data Recipient (Sponsored ADR)	A Data Recipient who is able to obtain consent from consumers to receive their data, however they cannot collect data directly from a data holder and must do this through an unrestricted accredited data recipient (Unrestricted ADR) with consumers' consent when a sponsorship arrangement is in place.
Sponsorship Arrangement	A sponsorship arrangement is a written contract between a person with unrestricted accreditation (the *sponsor*) and another person (the *affiliate*).
Unrestricted Accredited Data Recipient (Unrestricted ADR)	A Data Recipient who is able to obtain consent from consumers and collect data from data holders without any restrictions for all designated sectors.

2   About the Participant Portal

2.1   Overview

The Consumer Data Right (CDR) aims to give consumers greater access to and control over their data. It will improve consumers' ability to compare and switch between products and services, and will encourage competition between service providers, leading not only to better prices for customers but also more innovative products and services. Banking is the first sector to be brought into the CDR.

The CDR Participant Portal (Participant Portal) is the online mechanism through which a data holder can complete the data holder registration process and a legal entity/person can complete and submit an application to become an accredited data recipient. The Participant Portal is also the place for CDR participants - data holders and accredited data recipients - to update and manage their information and view the CDR Register of Accredited Persons (CDR Register).

This guide aims to provide information and guidance to assist CDR participants on the key features of the Participant Portal.

For more information, visit the https://www.cdr.gov.au/.

> **Note:** Before you make the initial request to access the Participant Portal for your organisation, it is highly recommended you read this guide to ensure you have all the relevant details at hand.

2.2   Services available in the Participant Portal

The Participant Portal can be used by an organisation to:

- register as a data holder
- submit an application for accreditation
- invite and manage users
- manage an organisation's details
- manage brands and software products.

3   Creating a Participant Portal account

3.1   Who can create a Participant Portal account?

Only potential CDR participants need a Participant Portal account. An initial primary business contact is responsible for creating an account for their legal entity through the Participant Portal. See the Appendix of this guide for more information about the primary business contact.

> **Note:** The initial primary business contact for a legal entity must be a person who is listed on the organisation's Australian Securities and Investments Commission (ASIC) business record, or the equivalent foreign business record if the organisation is a foreign entity. For example, a director, company secretary or an authorised contact listed on the organisation's business record.

3.2   Information needed to create a Participant Portal account

A primary business contact will need the following information to create an account.

Organisation details

- Your organisation's ABN or ACN (for Australian entities). You will have the ability to search for your organisation's name via the ABN/ACN search box in the request to create an account in the Participant Portal, For non-Australian entities you will need your relevant business registration number.
- Whether your organisation is an authorised deposit-taking institution (ADI) as per the meaning given by the

Banking Act 1959 (Cth).

- Whether your organisation is an energy retailer who:
    ◦ retails electricity to connection points in the National Electricity Market; and
    ◦ is either:
        ▪ the holder of a retailer authorisation issued under the National Energy Retail Law (as it applies in a State or Territory) in respect of the sale of electricity; or
        ▪ a retailer within the meaning of the Electricity Industry Act 2000 (Vic)
- The registered address for service (this cannot be a PO Box, rather it must be a physical address associated with your legal entity and the same as shown on your organisation's business record) and, your organisation's registered business address (e.g. principal place of business which may be the same as your registered address for service).
- The electronic address for service for your organisation (i.e. email).
- Whether your organisation is a foreign entity. If your organisation is a foreign entity, you will be required to have a local agent and provide their electronic and physical addresses for service.

Initial primary business contact details

- the initial primary business contact's email address
- the initial primary business contact's mobile phone number.

> ℹ **Note:** If intending to apply for accreditation, the answer you select in response to the question about whether your organisation is an Australian ADI or an energy retailer will determine which accreditation application will be applicable and made available to you in the Participant Portal.

3.3   Complete the request to create an account in the Participant Portal

1. To complete the request to create an account in the Participant Portal as an initial primary business contact, open an internet browser and navigate to https://portal.cdr.gov.au . The website works best on Microsoft Edge, Internet Explorer version 11, or Chrome on Windows and Safari, or Firefox on Mac OS.

2. Select **Request access to CDR.**

3. Complete all mandatory questions on the form (all questions are mandatory unless marked optional).

4. Submit the request to create an account. On submitting your request, the system will validate the information you have provided. If you have not answered all mandatory questions or have provided an invalid answer, you will be notified that the form could not be submitted including the reason/s why. You then have the option to update the information and resubmit your request.

5. Once the form has been validated, you will be shown a page confirming your request has been submitted and a unique 'access request' number.
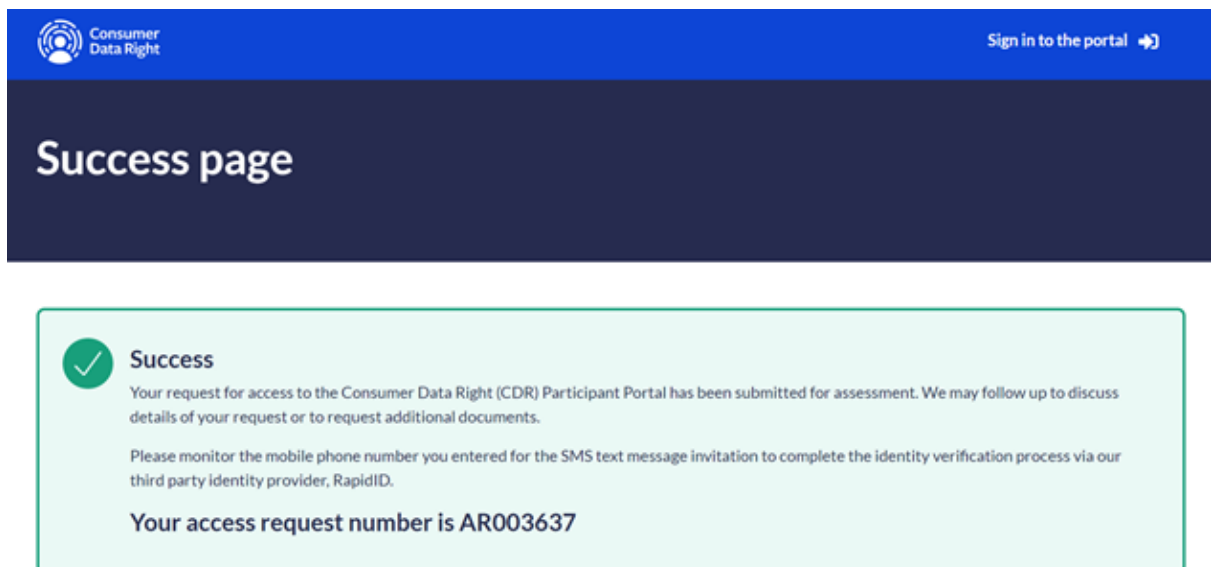

You will also receive a confirmation email with your unique access request number.

Example email: access request

> **Your access request has been submitted and your reference number is XXXXXX.**
>
> **The Consumer Data Right Team will review your request and may contact you for more information.**
>
> **Please monitor the mobile phone number you provided in the online form for an invitation to complete the identity verification process via our third-party identity provider, Rapid ID. Note, the link to verify your identity will expire in 48 hours.**
>
> **You will receive a notification via email of the outcome of your request to access the Consumer Data Right Participant Portal. The email will include instructions on how to activate your account to finalise the account creation process.**

3.4   Activate your Participant Portal account

Once your request to create an account has been approved by the CDR Team, within 3 business days you will receive an activation email with instructions on how to activate your account in order to finalise creating it.

Follow the instructions within the activation email to activate your account.

Once your account activation process is complete, you will be able to log in to the Participant Portal. Note you must use the same email address used to create the account. If you have problems during this step, please contact us via the CDR Technical Operations mailbox CDRtechnicaloperations@accc.gov.au.

> **Note:** You have 7 calendar days to activate your account before your unique security token expires. If your token expires before you complete this step, please contact us via the CDR Technical Operations mailbox CDRtechnicaloperations@accc.gov.au.

Example email: Participant Portal account confirmation

Your CDR Participant Portal account has been created.

To activate this account, you will complete the steps below to create and/or link to a Microsoft account.

Step 1 - Creating a Microsoft account

If you do not have a Microsoft account used to register with the CDR Participant Portal, you can create one prior to proceeding. You can create a Microsoft account by clicking here and following the on-screen instructions or you can proceed through a password-less sign in if you are unable to create a Microsoft account. You do not need to complete this step if you already have a Microsoft account associated with your e-mail used to register with the CDR Participant Portal.

Step 2 - Associating your account with CDR

Please click here and sign into the CDR Participant Portal. If you are using a Microsoft Account for CDR Participant Portal access, then choose the Microsoft Account option to link your account with CDR. Otherwise, you can Sign-In with Email and use a one-time code sent to your nominated email address.

Step 3 - Setting up your Mobile Authenticator

Follow the on screen instructions to set up the Microsoft Authenticator app on your mobile device.

Step 4 - Activating your CDR Participant Portal Account

Once Step 2 and Step 3 have been completed you will be redirected back to the CDR Participant Portal and asked to provide the token below to activate your account.
**Security Token**

zUrp2qUG93bvMz2b2E3MZ2W-6Jr9GAfNZe6zMvWEZP-QoN1UHCiDMHs3UipzdI3kd3S06Iq0Dym5fBHW7QjxcZKLO-QPpCsGvWky61VuyfkGW-uXyCi5ZxdTlzx3twuLrTAuvug2EPTbxGymRUJd43XUHY5vsMkcCe0IQgGOA00-

Step 5 - Sign in

You can now sign into your CDR Participant Portal account.

4 Logging into the Participant Portal

1. Access the Participant Portal by opening an internet browser and navigating to https://portal.cdr.gov.au/ . The website works best on Microsoft Edge, Internet Explorer version 11, or Chrome on Windows and Safari, or Firefox on Mac OS.
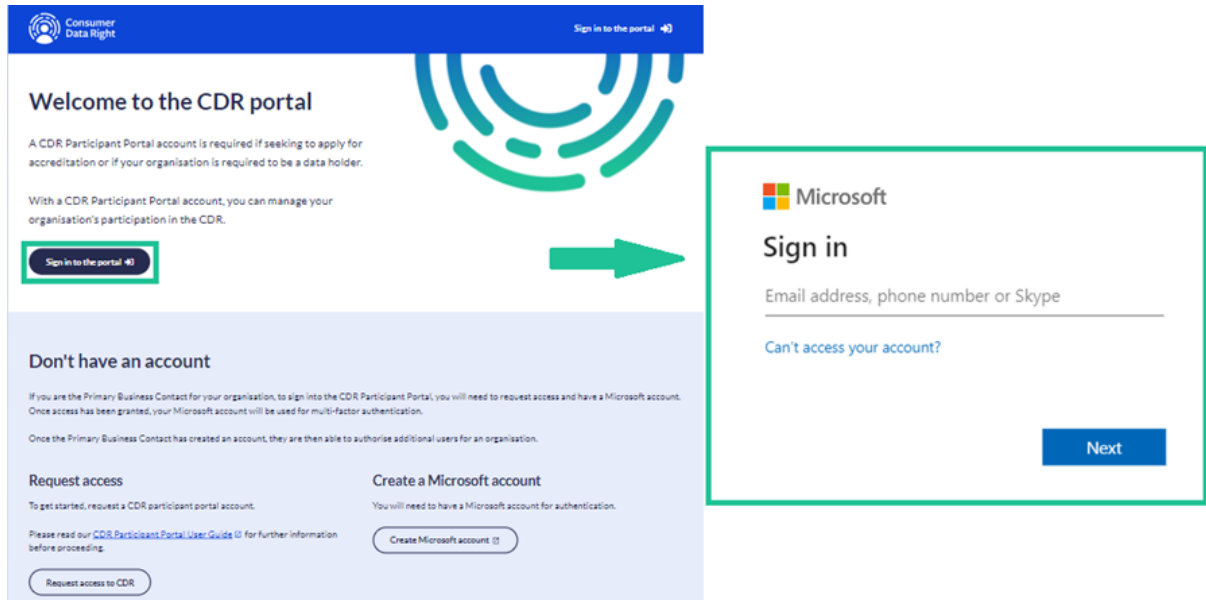

2. Log in to the Participant Portal using your Microsoft account login details.

3. Every time you log in, you are required to authenticate using the Microsoft Authenticator app. If you do not have this installed or setup, refer to **step 3** in your activation email.

4. The first time you log in to the Participant Portal, you will need to enter the security token from the 'Participant Portal account confirmation' email you received. If your token expires before you complete this step, please contact us via the CDR Technical Operations mailbox CDRtechnicaloperations@accc.gov.au.

5   Managing users in the Participant Portal

The Participant Portal supports multiple user roles with different permission profiles so that participants can effectively manage their organisation's information. For more information on supported user roles, please refer to the User roles and permissions in this guide.

5.1   Inviting participants

A primary business contact can invite additional users within the organisation to have access the Participant Portal, including other primary business contacts. There may be multiple users for most roles.

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu.
2. Select **User list** from the left side navigation menu. You will be shown a table listing all current users (first name, last name, email address and role of the person) within your organisation.
3. Select the **Invite user** button on the top right of the table.
4. The **New user** screen is displayed. From here you can invite a new user and assign an access type (role) to their account.
5. Choose the access type you want to assign to the new user. A user's role can be modified at any time.
6. Complete required fields in the form and select **Invite**.

Your invited user will receive an email requesting them to activate their Participant Portal account. New users will need a Microsoft account and need to setup and log in to the Microsoft Authenticator app to use the Participant Portal.

You will receive an email detailing the updates you made on the Participant Portal. Once invited users have activated their account, you can manage their access through the organisation's user list.

Note: To invite a user to participate in multiple entities, you can do so by selecting the swap organisation menu item at the top of the primary navigation.

5.2   Users across multiple legal entities

A participant may be a user for more than one organisation. For example, Jane Smith could be the primary business contact for Blue Green Pty Ltd and Purple Pins Pty Ltd both of which have Participant Portal accounts. Jane may also want key members from each organisation to participate in both Participant Portal accounts.
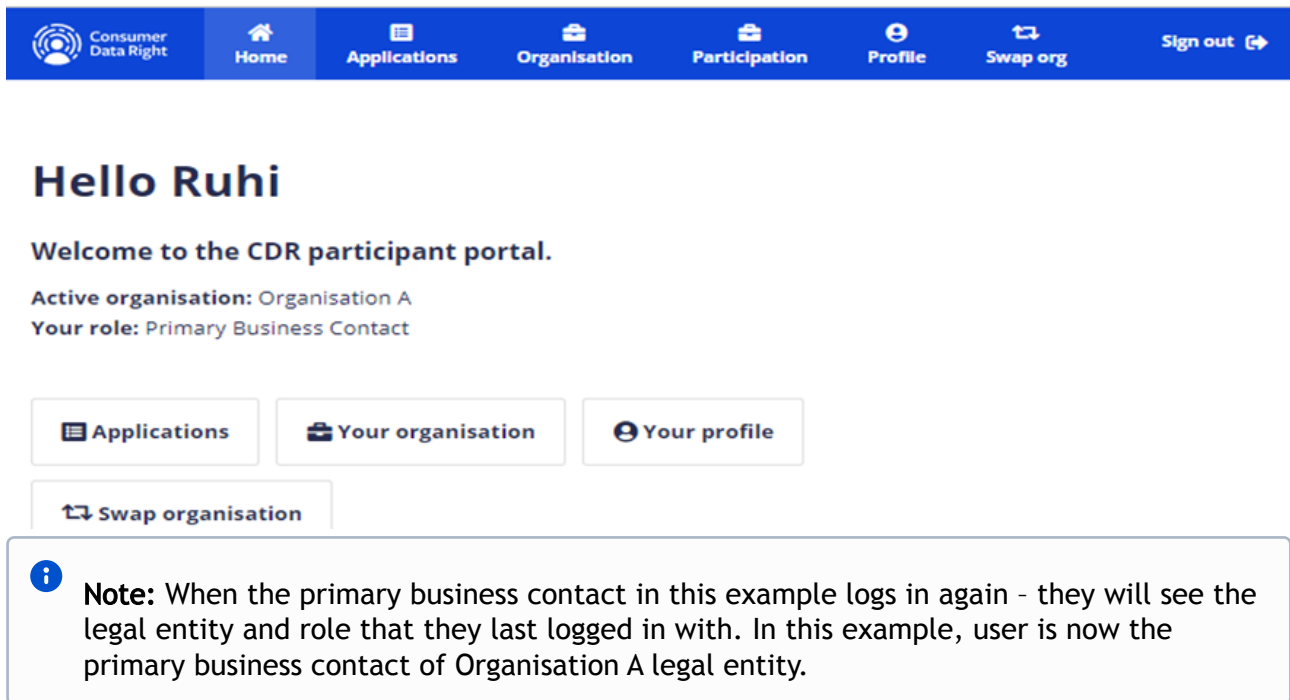

> ℹ️ **Note:** If there are no multiple legal entities associated with you as a user, you will not see the **Swap organisation** menu item in the Participant Portal.

To invite a user from one of your Organisation accounts to participate in a different Organisation:

1. Log in to the Participant Portal at https://portal.cdr.gov.au . Notice the page will show the organisation you are a member of and your allocated role.
2. To invite a user from a different Organisation account, select the **Swap organisation** button to display the **Select an organisation** screen.
3. Select the other legal entity - in this example, the **Organisation A.**
4. To invite the user to the other legal entity, follow the same steps as mentioned in 4.1 inviting Participants.

Only a primary business contact can invite a user from one organisation account to also be a user for a different organisation account via Swap Organisation menu item.
Hello Ruhi

Welcome to the CDR participant portal.

Active organisation: Organisation A
**Your role:** Primary Business Contact

Applications	Your organisation	Your profile

Swap organisation

ℹ **Note:** When the primary business contact in this example logs in again – they will see the legal entity and role that they last logged in with. In this example, user is now the primary business contact of Organisation A legal entity.

5.3   Modifying a user's access

Only a primary business contact can modify a user's access or role within the Participant Portal. However, there can be multiple primary business contacts on an organisation's portal account.

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu.
2. Select **User list** from the left side navigation menu. You will be shown a table listing all current users (first name, last name, email address and role of the person) within your organisation.
3. Select the **Edit role** option for the user you want to modify.
4. Choose the access type you want to assign to the user. A user's role can be modified at any time by an authorised user (i.e. by a primary business contact).

5.4   Removing a user's access

Only a primary business contact can remove a user from the Participant Portal. Removing a user is performed from the **User list** – see example below.

When a primary business contact removes a user, a note is shown advising that this step is irreversible, and the selected user will no longer be able to log into the Participant Portal. If the user previously had roles in multiple legal entities (refer to section 4.2 Users across multiple legal entities), they will no longer have access to the legal entity that the remove action is performed on.

6 Data holders

The Participant Portal allows prospective businesses to register as a data holder and manage their organisation's information.
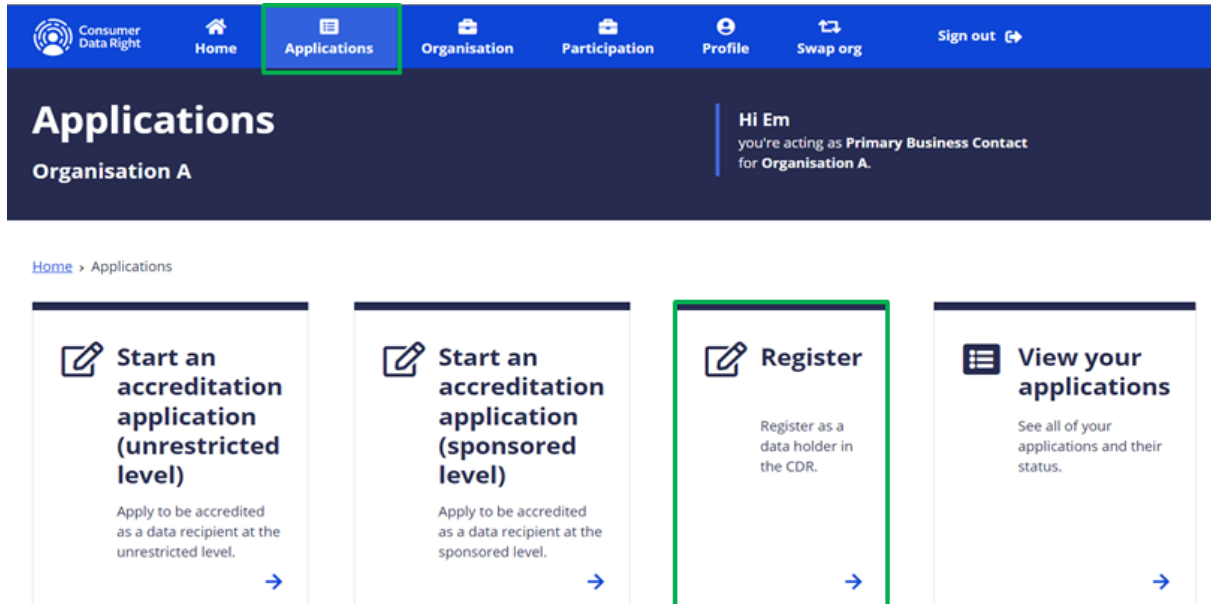

Data holders can:

- register as a data holder in the appropriate CDR sector/s
- create, update and remove brands
- have their organisation's primary business contact invite other users with other roles within their organisation to manage their participation in CDR
- request certificates and update their brand details, endpoints and authentication details, and submit their endpoints and authentication details for review.

6.1 Complete data holder registration

Registration as a data holder on the Participant Portal will only be accepted if an applicant is a data holder under section 56AJ of the *Competition and Consumer Act 2010,* including accredited persons to whom reciprocal data holder obligations apply.

A primary business contact or authorised business contact can initiate data holder registration on the CDR Participant Portal by following the steps below:

1. Log into the Participant Portal at https://portal.cdr.gov.au and select the **Applications** button.
2. Click the **Register** button to open the data holder registration application form.

3. Select an appropriate CDR sector.
4. Complete the declaration and click the **Register** button to submit the form.
5. Once submitted, you will be shown a message confirming your registration.
6. Following registration, data holders must complete on-boarding activities before becoming active in the CDR ecosystem. You will receive an email detailing these activities. Further

information about on-boarding can be found in the https://www.cdr.gov.au/for-providers/on-boarding-for-data-holders .

6.2   Reciprocal data holder obligations

If you are an accredited data recipient and are seeking to register as a data holder, when you click the **Register** button, you will need to check the **check box** confirming that your organisation is registering as a data holder in the banking sector based on reciprocity obligations under the CDR Rules.

Once registered as a data holder, you will receive a message confirming your submission and advice that the CDR Team will follow up to discuss details of your application or to request additional information.

7 Data recipients

7.1 Accreditation levels

There are currently two accreditation levels: Unrestricted and Sponsored.

7.1.1 Unrestricted

An unrestricted accreditation allows a data recipient to obtain consent from consumers and collect data from Data Holders without any restrictions for all designated sectors.

There are two types of unrestricted accreditation applications:

1. Full unrestricted accreditation application
   a. All applicants who are not ADIs will be required to complete the full unrestricted accreditation application.
   b. A sample full unrestricted application form can be viewed on the Consumer Data Right website under sample application forms.
2. Streamlined application
   a. Existing Data Holders who are ADIs meet the criteria for streamlined accreditation and may instead complete the streamlined accreditation form. This application requires reduced information than full unrestricted accreditation application.
   b. A sample streamlined application form can be viewed on the Consumer Data Right website under sample application forms.

7.1.2 Sponsored

An applicant intending to participate in CDR via a sponsorship arrangement with an unrestricted accredited data recipient (ADR) will be required to complete the sponsored accreditation application.

A sample sponsored accreditation application form can be viewed on the Consumer Data Right website under sample application forms.
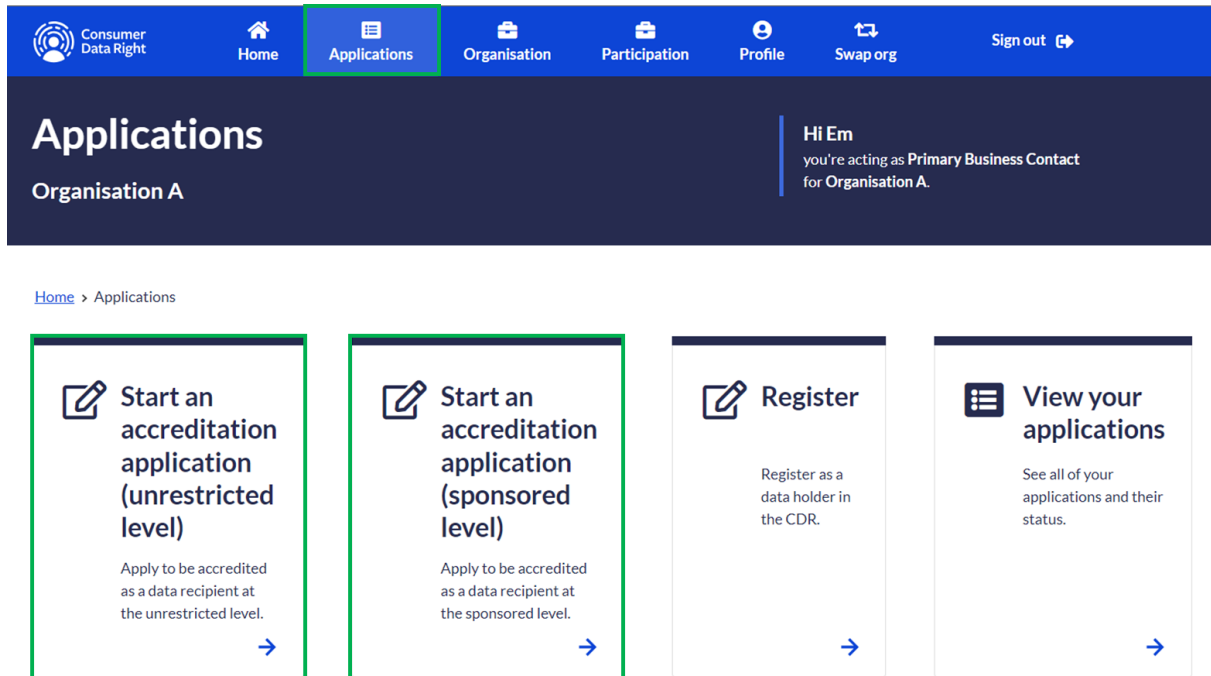

7.2 Accreditation application

7.2.1 Start an accreditation application

We recommend you read the following guidance before commencing your application to better assist you with understanding the requirements of accreditation.

1. Accreditation Guidelines
2. Supplementary Accreditation Guidelines: Insurance
3. Supplementary Accreditation Guidelines: Information Security
4. Accreditation Controls Guidance

Only a Primary Business Contact can start and submit an accreditation application. To do this, the Primary Business Contact will need to:

1. Log in to the Participant Portal at https://portal.cdr.gov.au. Select **Applications** from the top navigation menu.
2. Select the relevant **Start an accreditation application** tile based on the accreditation level you wish to apply for.

3. Follow the prompts to complete the application.

Once an application has been started, other users with certain roles can view and update the draft accreditation application. For more information on user roles and permissions, please refer to the User roles and permissions in this guide.

For all application types, you will need to:

1. Confirm and agree with the way your personal information, provided in your application, will be used and handled.
2. Give general background information about your legal entity.
3. Provide details about all the products/services you will be offering to consumers if accredited.
4. Provide, under the information security section:
   a. a self-assessment and attestation form if you are a sponsored accreditation applicant
   b. an assurance report if you are a full unrestricted accreditation applicant
5. Complete the remainder of the form.

7.2.2   Edit your application

An accreditation application with a status of 'draft' can be edited. An application cannot be edited once submitted.

To edit an application with a draft status:

1. Log in to the Participant Portal at https://portal.cdr.gov.au. Select **Applications** from the top navigation menu followed by the **View your applications** tile.
2. Find the relevant application and under the **Actions** column select **Edit** for the application you want to edit.
3. Select **Save and continue** button during navigation of each of the sections that are edited.

7.2.3   Finalise and submit your application

Depending on the application type and your responses to questions on the application form, you will be shown a tailored list of documents that you need to upload before submitting your application.

Upon submission, you will be shown a success screen confirming your application has been submitted.

You will also receive an email with your application number.

To check the status of your application at any time, log in to the Participant Portal at https://portal.cdr.gov.au and select **Applications** from the top navigation menu then **View your applications**.

If you have any questions about your application, please contact us via the CDR Technical Operations mailbox CDRtechnicaloperations@accc.gov.au.

7.2.4   Withdraw a draft application

If you no longer wish to continue with your accreditation application, and the application has a status of 'draft', it can be withdrawn by a Primary Business Contact.

To withdraw a draft application:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Applications** from the top navigation menu followed by the **View your applications** tile.
2. Find the relevant application and under the **Actions** column select **Withdraw**.

7.2.5   Withdraw a submitted application

A Primary Business Contact can withdraw a submitted accreditation application by submitting a change request.

To withdraw a submitted application:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu.
2. Select **Change request** from the left-hand navigation menu and select **Notify or request a change.**

3. Under **Change type** select **Withdraw submitted application.**
4. Select the application that you would like to withdraw and select **Submit request.**

7.2.6 Incomplete applications

An application will be returned to you as a draft if it is considered to be incomplete. You will be advised which areas of the application are incomplete and afforded an opportunity to provide the missing information and resubmit your application.

Applications that have been returned to draft status are displayed in the **Application list** section of the Participant Portal which can be edited to provide requested missing information.

The Primary Business Contact who submitted the application will also receive an email notification advising the application is incomplete and has been returned as a draft.

7.3 Other change requests

Once an application has been submitted, a Primary Business Contact can view the submitted accreditation application and provide further information in support of the application, request to withdraw a submitted application, and notify or request other changes by raising a change request from the Participant Portal. Any additional information submitted in relation to an

application for accreditation will be considered by the Data Recipient Accreditor alongside the original information contained in the application.

Once accredited, this capability can also be used by the accredited data recipients to notify the Data Recipient Accreditor of any notification requirements required under rule 5.14 of the CDR Rules.

To access change requests:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu.
2. Select **Change request** from the left side navigation menu.
3. Click on the **Notify or Request a change** button.
4. Select the relevant change type:
   a. information in support of accreditation
   b. withdraw submitted application
   c. notifications (CDR Rule 5.14)
   d. amend a rule 9.4 report
   e. other changes.
5. Complete supporting information and upload documents if required.
6. Click on the **Submit request** button.

7.4 Surrender accreditation

7.4.1 Submit a request to surrender accreditation

A Primary Business Contact can submit a request to surrender accreditation from the Participant Portal. Please note that surrendering accreditation is a significant action. Once a request to

surrender accreditation has been accepted by the Data Recipient Accreditor, it cannot be reversed.

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu.

2. Select **Surrender accreditation** from the left side navigation menu, and then select **Submit a request** button to open up the form.

3. Complete all mandatory fields and select the **Submit request** button to submit the form.

4. Upon submission, a confirmation will be displayed.

7.4.2   Withdraw your request to surrender accreditation

Before the surrender request is processed and accepted by the Data Recipient Accreditor, you can withdraw the request from the Participant Portal.

1. From the **Surrender accreditation** landing page, select the **Withdraw** action to open the form.

2. Provide reason for withdrawal and submit the form.
3. Upon submission, a confirmation will be displayed.

8 Post accreditation or registration

Following accreditation or registration, participants must be on-boarded before they become active participants in the CDR ecosystem. As part of the on-boarding process, participants must accept the following agreements:

- Subscriber Agreement
- Relying Party Agreement

The following agreement is required in order to use the CDR Trademark:

- CDR Trademark Licence Agreement

The Trademark Licence agreement is mandatory to be signed if the participant is a Data Recipient or both Data holder and Data Recipient.

Participants can view both signed and latest version of the agreements in the participant portal at all times. Select Organisation in the primary navigation> click Agreement in the left navigation panel

Acceptance of the Subscriber Agreement and the Relying Party Agreement is required once only, and not subsequently when a new agreement is published.

A sponsored Accredited data recipient will only receive and accept the CDR Trademark Licence Agreement.

If an agreement requires action, a notification will be displayed when the participant signs in. All users within the organisation will be able to see that action is required.

All users can view the agreements, but only the legal authority contact can accept or action the agreements within the Participant Portal.

For more information on user roles and permissions, please refer to User roles and permissions in this guide.

9   Manage organisation details

Details such as your organisation details, reports, agreements and CDR arrangements can be viewed and maintained by selecting **Organisation** from the primary navigation.

9.1   Maintain organisation details

Only a primary business contact has the ability to update all of your legal entity's organisation details. An authorised business contact, primary IT contact and authorised IT contact can view organisation details and update selected entries. Once updated, the participant's information on the CDR Register will be updated with the new information.

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Organisation.**

2. The landing page displays the Organisation details in which you can update your legal entity details:
   a. logo URI
   b. website URL
   c. CDR policy URL

These details can be updated by a user who has been assigned a primary business contact or an authorised business contact role.

1. If you need to update your address, select **Update addresses** in the left side navigation menu to update your registered business addresses, registered address for service or local agent address for service and select **Update** to save.

The registered business address can be updated by a user who has been assigned a primary business contact or authorised business contact role.

The addresses for service for a local agent can only be updated by a primary business contact.

> ⓘ **Note:** More information regarding the definitions of the organisation's details can be found in the Consumer Data Right participant on-boarding guide.

9.2   CDR representative arrangement notification

The CDR representative arrangement model allows eligible participants to access and use CDR data without the need for accreditation in circumstances where they offer CDR-related services to consumers as a representative of an unrestricted accredited data recipient.

The principal (an unrestricted accredited data recipient) must notify the Data Recipient Accreditor as soon as practicable, and within 5 business days, of entering into a new CDR representative arrangement. Likewise, the principal must also notify the Data Recipient Accreditor if the arrangement terminates or otherwise ends as soon as practicable, but no later than 5 business days after the event. Once notified, the Data Recipient Accreditor will verify the arrangement and the Registrar will publish details of the arrangement on the CDR Register.

Only a primary business contact or a legal authority contact of an unrestricted accredited data recipient has the ability to notify a new CDR representative arrangement on the CDR Participant Portal and edit / end an existing arrangement.

9.2.1   Notify a new CDR representative arrangement

To notify a new CDR representative arrangement, follow the steps below:

1. Log in to the CDR Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu.
2. Select **CDR representative arrangement** from the 'Explore this section' menu.
3. From the landing page, select the **Notify new representative arrangement** button to launch the notification form.
4. Complete all mandatory questions and submit the form.
5. Once submitted, the representative arrangement details will be displayed on the page.

9.2.2   Edit or end a representative arrangement

Certain details of a representative arrangement can be updated, this includes the end date of the arrangement.

To edit or end a representative arrangement, follow the steps below:

1. Log in to the CDR Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu.
2. Select **CDR representative arrangement** from the 'Explore this section' menu.
3. From the landing page, find the relevant arrangement that needs to be updated and select **Edit / end** to launch the form.
4. Update the necessary information and submit the update.

> ⓘ   **Note:** Once an arrangement has expired, the edit functionality will no longer be available.

9.3   CDR sponsorship arrangement notification

A sponsorship arrangement is a written contract between an unrestricted accredited data recipient (the sponsor) and another person (the affiliate) and provides for the sponsor to disclose CDR data to its affiliate in response to a consumer data request.

The sponsor must notify the Data Recipient Accreditor of becoming a sponsor of an affiliate, or the suspension, expiration or termination of a sponsorship arrangement, and must do so as soon as practicable, and in any event, within 5 business days.

Only a primary business contact or a legal authority contact of an unrestricted accredited data recipient has the ability to access the CDR sponsorship arrangement notification process on the CDR Participant Portal.

9.3.1   Notify a new sponsorship arrangement

To notify a new CDR sponsorship arrangement, follow the steps below:

1. Log in to the CDR Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu.
2. Select **CDR sponsorship arrangement** from the 'Explore this section' menu.
3. From the landing page, select the **Notify new sponsorship arrangement** button to launch the notification form.
4. Complete all mandatory questions and submit the form.
5. Once submitted, the sponsorship arrangement details will be displayed on the page.

9.3.2   Notify the end date of a sponsorship arrangement

To notify the end date of a sponsorship arrangement, follow the steps below:

1. Log in to the CDR Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu.
2. Select **CDR sponsorship arrangement** from the 'Explore this section' menu. You will be directed to the CDR sponsorship arrangement details page where you can notify the end date of an arrangement by selecting **End arrangement** from the 'Actions' column.

9.3.3   View sponsorship arrangements

If you are a sponsor, i.e. data recipient accredited at the unrestricted level:

- A list of associated sponsorship arrangements will be available under 'Explore this section' menu --> 'CDR sponsorship arrangement' with corresponding affiliate details

If you are an affiliate, i.e. data recipient accredited at the sponsored level:

- A list of associated sponsorship arrangements will be available under 'Explore this section' menu --> 'CDR sponsorship arrangement' with corresponding sponsor details

10   Manage participation details

> ⓘ **Note:** The Participation section only displays when a legal entity has applied to be either a data holder or data recipient.

10.1   Maintain brand details

A brand is a specific name that is used to collectively identify a set of products and services offered by a participant. This will be aligned to, and may or may not be the same as, a business name that is registered to the participant's organisation.

Participants would typically have one or more brands within the CDR. Brands can be added or removed.

Brand can be added following accreditation or registration. To add a brand, follow the steps below:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Participation** from the top navigation menu.
2. Select the **Add new brand** button and complete the form.
3. To add additional brands, select **Add new brand** and complete the form.

To edit existing brand details, please follow the steps below:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Participation** from the top navigation menu.
2. Select **Edit** against the brand that you wish to edit.
3. Complete the form and select **Update**.

10.2 Maintain brand participation details

Brand participation details allow participants to manage details such as which sectors a given brand is a data holder for.

To add brand participation details following the steps below:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Participation** from the top navigation menu.
2. Select **View** against the brand that you wish to update.
3. Select **Add participation** and fill in the form.

To edit brand participation details following the steps below:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Participation** from the top navigation menu.
2. Select **Edit** against the brand participation that you wish to update and fill in the form.

To delete brand participation details following the steps below:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Participation** from the top navigation menu.

2. Select **Delete** against the brand participation that you wish to delete and confirm that you wish to delete the brand participation.

10.3   Maintain software product details

Unrestricted data recipients can create software products which will enable the collection of data from data holders.

> ⓘ   **Note:** Only a primary IT contact and authorised IT contact can add or edit software product details

To add new software products, please follow the steps below:

1. As a primary IT contact or authorised IT contact, log in to the Participant Portal at https://portal.cdr.gov.au and select **Participation** from the top navigation menu.

2. Select the **View** action on the brand that the software product that you wish to update

3. Select the **View** action on the brand participation that the software product that you wish to update

4. Select the **Add software product** button and fill in the form

To maintain existing software products, please follow the steps below:

1. As a primary IT contact or authorised IT contact, log in to the Participant Portal at https:// portal.cdr.gov.au and select **Participation** from the top navigation menu.

2. Select the **View** action on the brand that the software product that you wish to update

3. Select the **View** action on the brand participation that the software product that you wish to update

4. Select the **Edit** action and fill in the form

10.4 Maintain PKI certificates

Public Key Infrastructure (PKI) certificates are a key component used in the CDR ecosystem to provide secure and private communications between participants. The ACCC, as the Registrar is responsible for issuing PKI certificates to participants. Participants will be asked to request certificates – one for the environment the participant will test in, and one for the production environment, as part of the on-boarding process.

> 🛈 **Note:** Only a primary business contact, primary IT contact and authorised IT contact can request, revoke and renew certificates.

For detailed information about certificates and how to request test and production certificates, please refer to 'ACCC CDR Register Reference guide' and the 'On-boarding guide' which can be found on the CDR website.

To manage production or Conformance Test Suite (CTS) certificates for a brand, please follow the instructions below:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Participation** from the top navigation menu.
2. Select the **View** action on the brand that you wish to update.
3. Select the **View** action on the brand participation for the brand that you wish to update.

4. Select either the **Production details** tile or the **CTS Details** tile towards the bottom of the page to navigate to the relevant details page for the environment the certificate is required for.

To manage production or CTS certificates for a software product, please follow the instructions below:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Participation** from the top navigation menu.
2. Select the **View** action on the brand that the software product that you wish to update.
3. Select the **View** action on the brand participation that the software product that you wish to update.
4. Select the **View** action on the software product that you wish to update.
5. Select either the **Production details** tile or the **CTS Details** tile towards the bottom of the page to navigate to the relevant details page for the environment the certificate is required for.

Further details on requesting and managing the CTS Certificate can be found on the Maintain CTS certificates page in this User Guide.

10.4.1   Request a production certificate

Data holder and data recipients can request for a brand or software product certificate via the Participant Portal once a data holder brand or data recipient software products are added. Simply select the button outlined in the image below to request a new certificate.

Software product certificates

Certificate Ref	Common Name	Status ↑	Expiry Date	Actions
CE001289	19117uattest.com	Valid	27/07/2021	Download Renew Revoke View
CE001290	19118uattest.com	Valid	18/10/2021	Download Revoke View

10.4.2   Request a CTS certificate

Data holder and data recipients can request for a brand or software product CTS certificate via the Participant Portal once a data holder brand or data recipient software products are added. Simply select the button outlined in the image below to request a new CTS certificate.

CTS Certificates

Certificate ref ↑	Common name	Status	Expiry date	Actions
There are no certificates to display				

10.4.3   Revoke a production certificate

Data holders and data recipients can revoke their existing valid production certificate. Upon revocation, the system sends revocation data and reflects the change status in near real time to help participants better manage their brands and software products. To revoke a production certificate select the **Revoke** action and confirm your selection.

10.4.5   Renew a production certificate

Data holder and data recipients can renew an existing production certificate using the Participant Portal so that the brand or soft product can continue to transfer data securely within the ecosystem. This option will become available 30 days before a valid certificate's expiry date. To renew a production certificate, select the **Renew** action and confirm the details of the certificate.

10.4.6   Renew a CTS certificate

Data holder and data recipients can renew an existing CTS certificate using the Participant Portal so that the brand or soft product can continue to transfer data securely within the testing ecosystem. This option will become available 7 days before a valid certificate's expiry date. To renew a CTS certificate, select the **Renew** action and confirm the details of the certificate.

10.5   Maintain authentication details

Primary business contacts, primary IT contacts and authorised IT contacts can maintain authentication details (software security token information) on the Participant Portal. For detailed technical information about authentication, please refer to the 'ACCC CDR Register Reference guide' which can be found on the Resources page on the CDR website.

To manage production authentication details for a brand, please follow the instructions below:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Participation** from the top navigation menu.
2. Select the **View** action on the brand that you wish to update

3. Select the **View** action on the brand participation for the brand that you wish to update
4. Select the **Production details** tile towards the bottom of the page
5. To update incomplete authentication details, select the **Edit** action
6. To add new authentication details, select the **Add** button

To manage production authentication details for software product, please follow the instructions below:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Participation** from the top navigation menu.
2. Select the **View** action on the brand that the software product that you wish to update
3. Select the **View** action on the brand participation that the software product that you wish to update
4. Select the **View** action on the software product that you wish to update
5. Select the **Production details** tile towards the bottom of the page
6. To update incomplete authentication details, select the **Edit** action
7. To add new authentication details, select the **Add** button
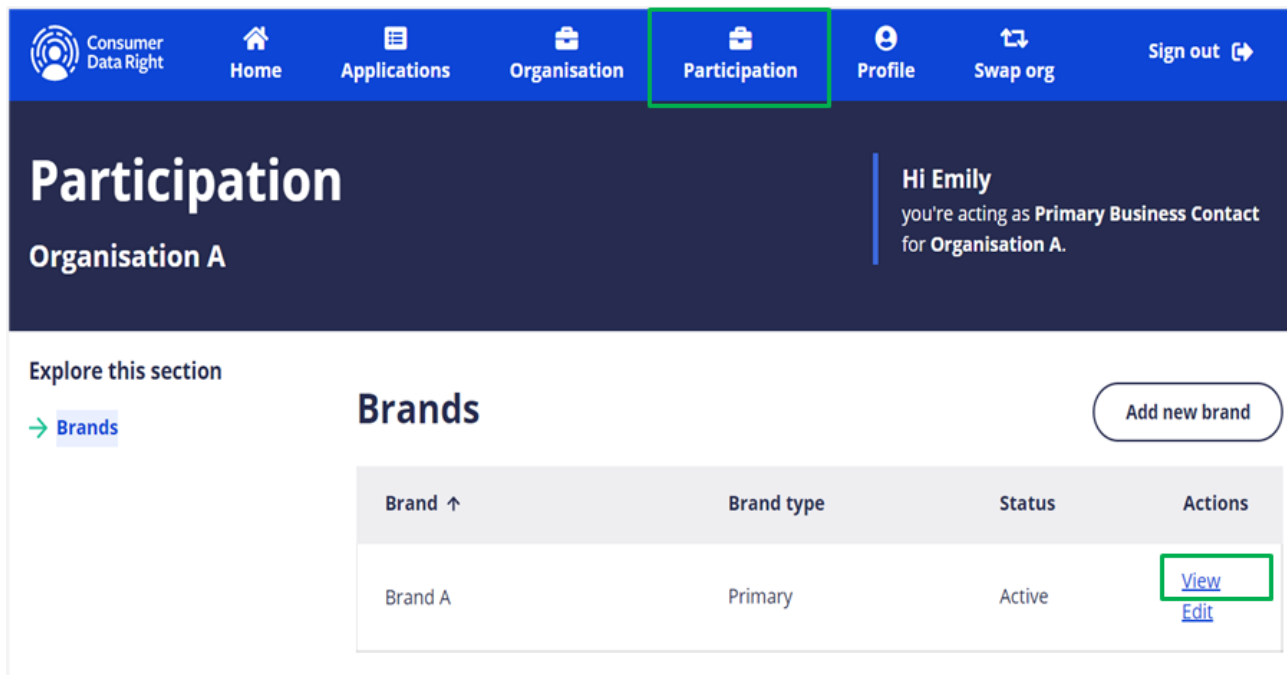

11   Maintain Conformance Test Suite (CTS) details

To be able to conduct conformance testing via the CTS, the technical details of your target testing environment must be provided to the ACCC. Authorised users are able to enrol in CTS, submit CTS certificate request, CTS authentication details and CTS endpoints from the Conformance Test Suite (CTS) details page in the Participant Portal.

11.1   View CTS details

To view Conformance Test Suite (CTS) details page:

- As a primary business contact, primary IT or an authorised IT contact, log in to the Participant Portal at https://portal.cdr.gov.au and select **Participation** from the top navigation menu.
- Select to **View** an applicable **Brand.** and then select to **View** the relevant **Brand participation**.

- Select **Save and continue** to proceed to the next section.
- In the **Test scenarios** section, provide details in relation to your brand or software product, these details determine the relevant test scenarios that will be allocated.

> ℹ **Note:** More information can be found by clicking on the hyperlinks provided.

- Complete the details and select **Save and continue**.
  - Data Holders proceed to Step 9 (Ciphers section)
  - Data Recipients proceed to Step 12 (Review section)
- In the **Ciphers** section, indicate which Cipher(s) your brand support and select **Save and continue** to proceed.
- Complete the relevant details relating to your test data preparation and select **Save and continue** to proceed.
- Complete the **Network configuration** details relevant to your brand and select **Save and continue** to proceed.

- The Review tab provides a view of all the details you have populated. You can view the details by clicking on the dropdown. Once you have completed reviewing the details, select **Continue**.
- To submit your CTS enrolment form, you must review and accept the details in the acknowledgment page, and then select **Submit CTS enrolment form**.
- Upon submission, your CTS conformance ID will be displayed on the submission confirmation page. Additionally, you will also receive this confirmation by email.

Submitted

Your have successfully submitted your CTS enrolment form!

Your CTS enrolment reference number is CTS101062.

> ℹ **Please Note.**
>
> This is your Conformance ID: c8c3c749-6e04-41a6-a025-10d71f001e3a. You will need it to access the CTS. Next, you will have to request a certificate for our test environment and apply it to your brand. Instructions on how to request a certificate are in section 7.4 of your CDR on-boarding guide.

> ℹ **Note:** The auto-generated email will contain the details to help you complete CTS next steps, along with your Conformance ID, CTS Guidance Documentation and CTS Connection Datasheet.

11.3 Maintain CTS certificates

Primary business contact, primary IT contact and authorised IT contact of a data holder and data recipient can maintain their CTS certificates on the Participant Portal.

11.3.1 Request a CTS certificate

- Select Request a CTS certificate.

CTS Certificates

ⓘ **Note:** Upon submission, the record is made active and you will not be able to edit this entry. If you need to edit CTS authentication details, please contact the ACCC via the CDR Service Management portal or the CDR Technical Operations mailbox CDRtechnicaloperations@accc.gov.au.

11.4.2   View CTS authentication details

To view CTS authentication details, select the **View** action as shown below.

11.5 Maintain CTS endpoints

When the CTS enrolment form has been submitted, the Participant Portal automatically creates a blank CTS Authentication details entry.

Primary business contact, primary or authorised IT contact and authorised CTS tester can edit or view CTS endpoints details in the **CTS details** page.

11.5.1 Submit CTS endpoints

1. To submit CTS endpoint, select the **Edit** action.

2. Fill in mandatory details as required and select **Submit**.

> ⓘ **Note:** Upon submission, the record is made active and you will not be able to edit this entry. If you need to edit CTS endpoint details, please contact the ACCC via the [CDR Service Management portal](#) or the CDR Technical Operations mailbox [CDRtechnicaloperations@accc.gov.au](#).

12 Rule 9.4 reporting

Rule 9.4 reports can be completed and lodged on the Participant Portal so that accredited data recipients and data holders can meet their reporting obligations under rule 9.4 of the *Competition and Consumer (Consumer Data Right) Rules 2020 (Cth)*.

The reporting process on the Participant Portal allows participants to:

- Edit, save and submit a report at any time before the due date.
- View and download a submitted report.
- Receive email reminder about upcoming due date.

> ⓘ **Note:** By lodging the report via the Participant Portal, CDR participants will satisfy the requirement of submitting their reports to both the ACCC and the Office of Australian Information Commissioner.

12.1 Lodging a rule 9.4 report on the Participant Portal

As a data holder and/or an accredited data recipient, you can start, edit and submit a rule 9.4 report on the Participant Portal by following the below steps:

12.1.1 Start and submit a rule 9.4 report

1. As a primary business contact, authorised business contact, primary IT contact or an authorised IT contact, log in to the Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu, then **Reports** from the left side navigation pane.
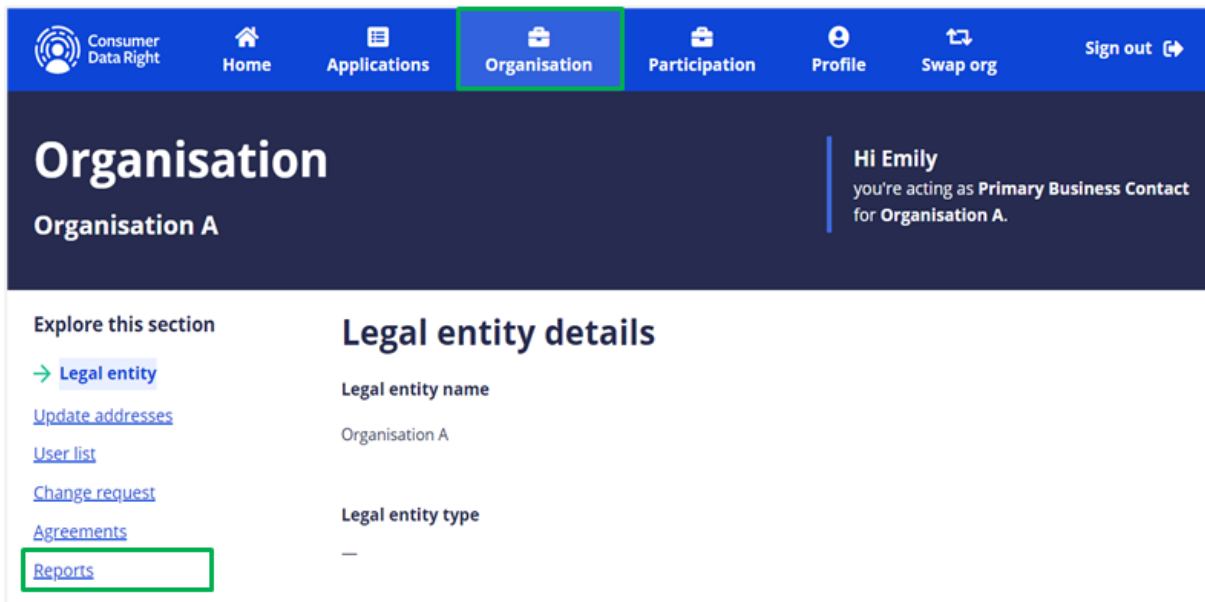

2. Based on your participation (data holder, accredited data recipient, CDR principal), you will be presented with a summary view of your rule 9.4 reporting obligation for the current reporting period.

2 - Example view for accredited data recipient that is also a CDR principal

3 - Example view for data holder

3. Select **Start** from the Actions column.
4. Complete all mandatory questions and select **Submit**.
5. Upon submission, a confirmation will be shown.

12.1.2   Edit a rule 9.4 report

A primary business contact, authorised business contact, primary IT contact or an authorised IT contact can edit a draft report any time before the reporting cut-off date.

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu, then **Reports** from the left side navigation pane.
2. Select **Edit** from the Actions column.

3. Proceed to edit and submit the report.
4. Upon submission, a confirmation will be shown.

12.1.3   Download a rule 9.4 report

You can download a PDF copy of the report at any time by selecting **Download** from the Actions column and follow the prompts.

12.2   Amend a submitted report

A primary business contact can raise a change request to amend a submitted report before the due date.

To raise a change request:

1. Log in to the Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu.
2. Select **Change request** from the left side navigation pane and select **Notify or request a change.**

3. Under the **Change type**, select **Amend a rule 9.4 report** option.

4. You can search for a submitted report by launching the lookup modal. Select a report that needs to be amended and then click **Select** to confirm.

Lookup Records ✕

15 Non-Prod Participant Portal Access

There are two methods of providing participant-level access to the RAAP. The first includes having another user with access to your chosen organisation provide you access as outlined [Managing users in the Participant Portal](#).

The second method is via the Staff Portal which can be completed by following the below steps:

1. Log into the Staff Portal
2. Select the organisation you would like to access via the Participant Portal

3. Select the Contacts tab

4. Select "+ New Organisation Association"
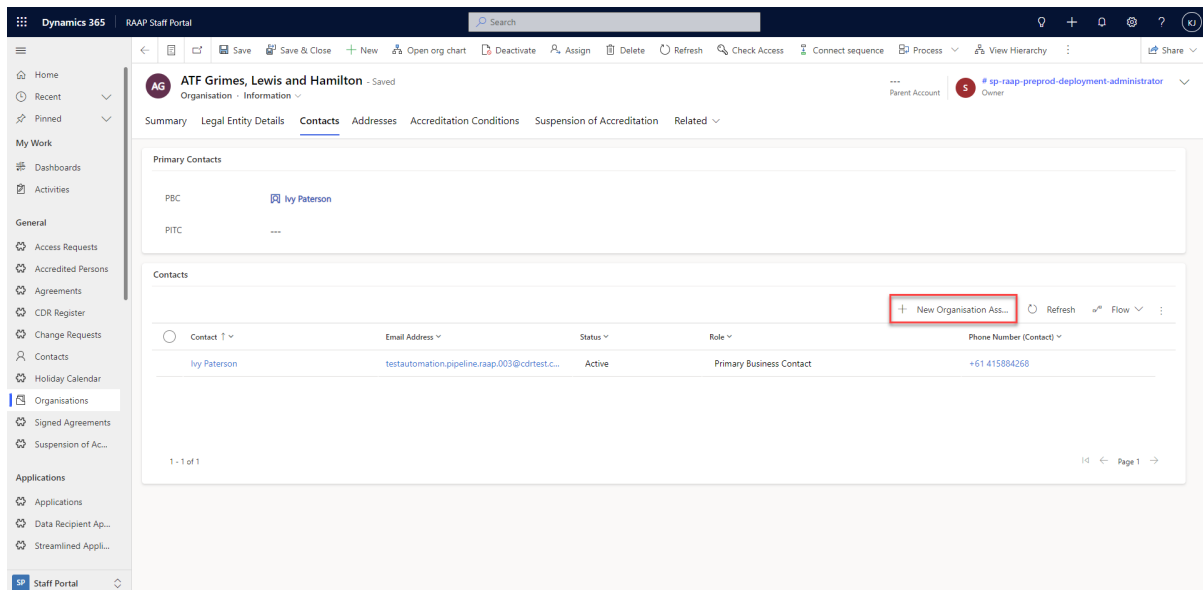

5. Fill out the following tabs: Access Type, User Details and Contact Details
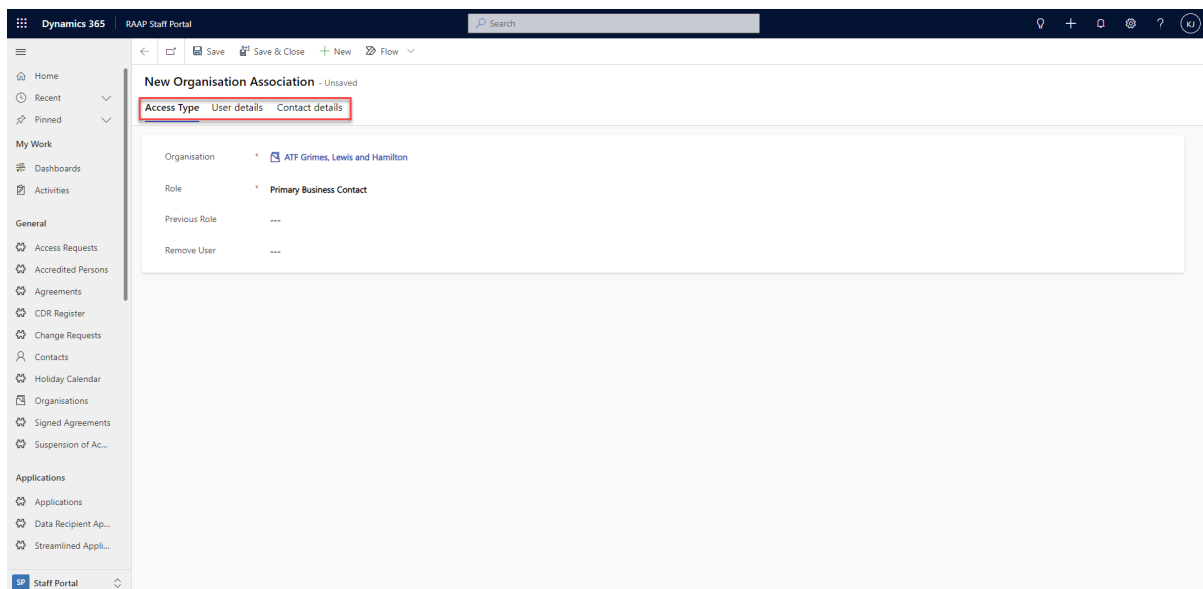

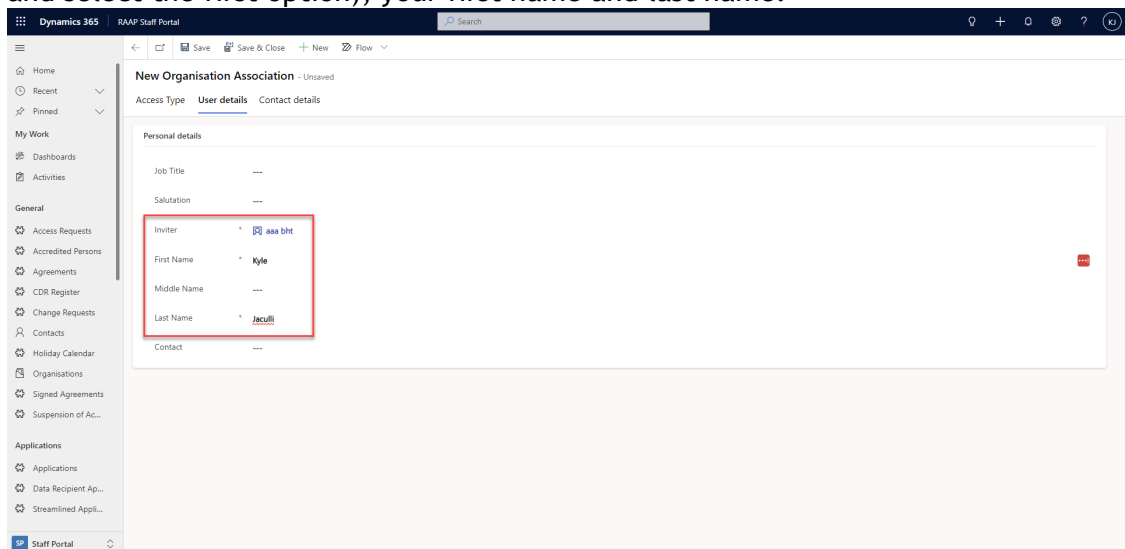

a. Access Type: Select the role required for your testing

b. User Details: Input the Inviter (In non-production environments you can press enter and select the first option), your first name and last name.

c. Contact Details: Input your email address

6. Save and close

7. Click on the newly created account

8. Select the ... in the top right and select Flow in the drop-down menu
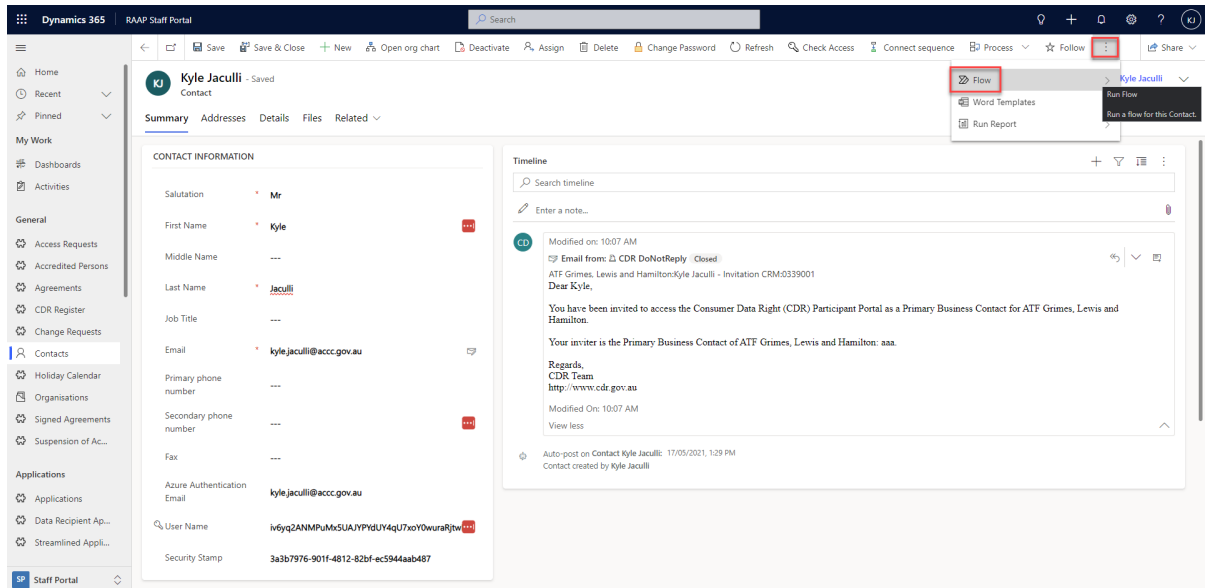

9. Select Send Invitation
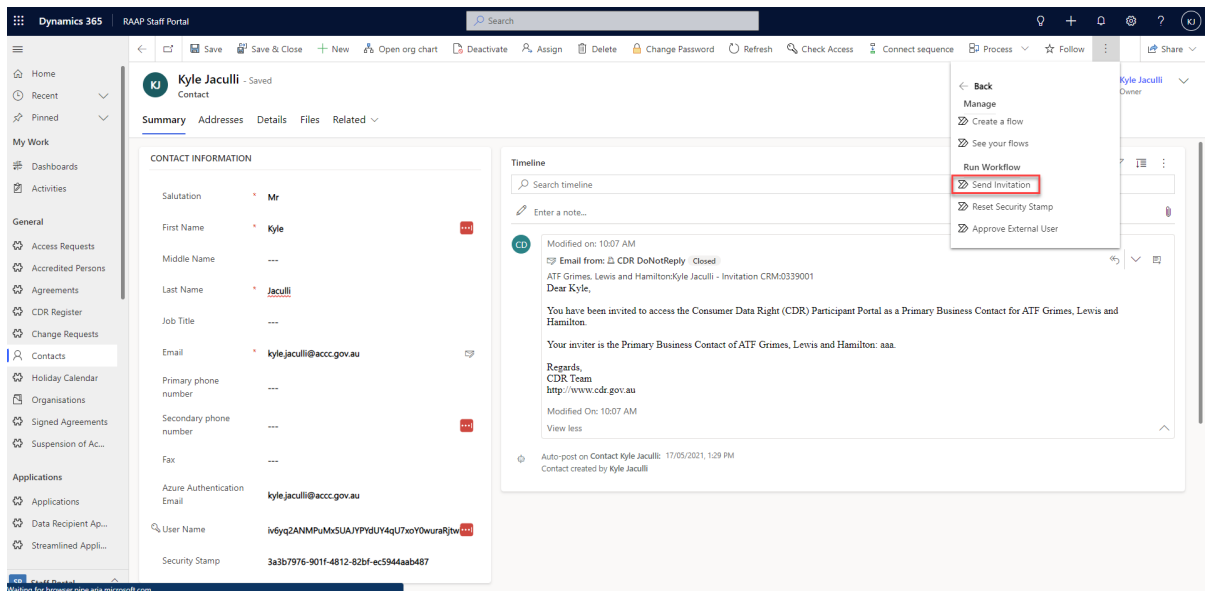

10. Select OK
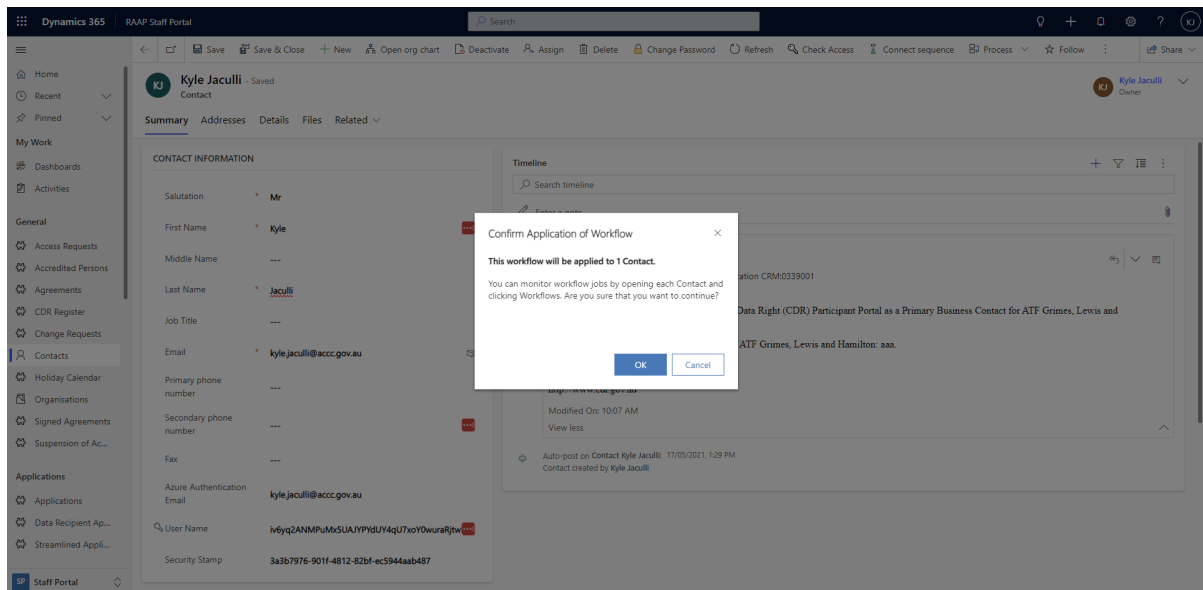

11. After a refresh, you should see an email in the Notes frame which provides instructions on how to log in to the Participant Portal and your security token
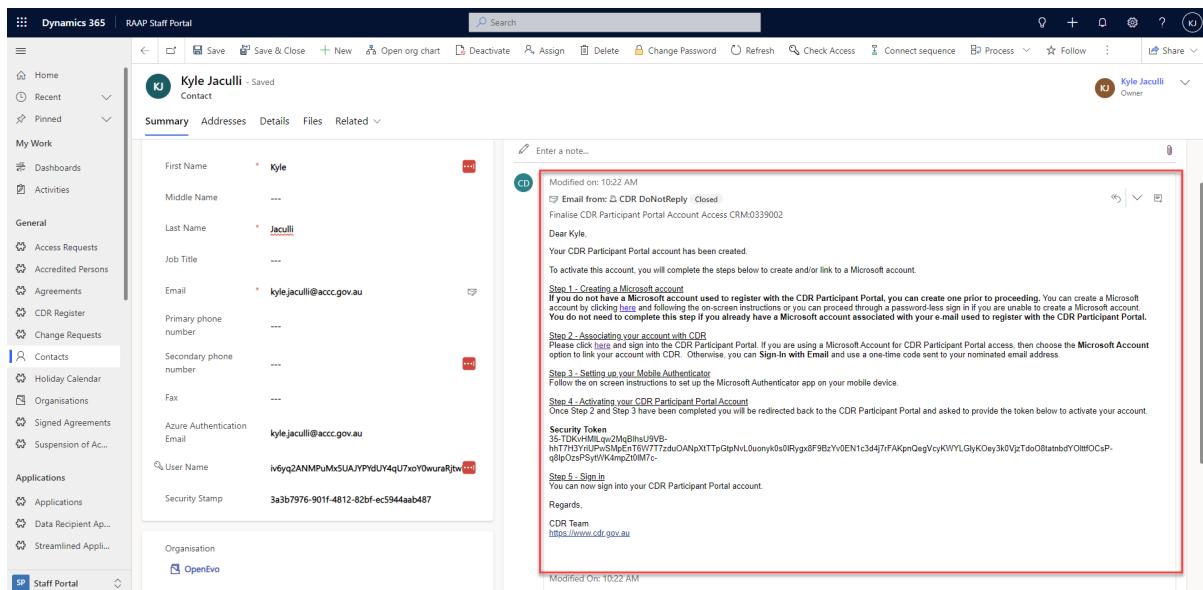

12. Follow the log in process Logging into the Participant Portal

16   Schedule 1 reporting

Schedule 1 reports can be completed and lodged on the Participant Portal so that accredited data recipients can report annually to the ACCC, as the Accreditor, on their ongoing compliance with the information security obligations in Schedule 2 to the CDR Rules. The requirements relating to this reporting are contained in Schedule 1 to the CDR Rules. Schedule 1 requires accredited persons to provide either an 'attestation statement' or an 'assurance report' each year starting with the provision of an attestation statement.

The reporting process on the Participant Portal allows participants to:

- Start, edit, and submit a report any time that are due;
- View and download a report in any status;
- Receive email reminder about upcoming due date and overdue reports.

16.1   Lodging a Schedule 1 report on the Participant Portal

As an accredited data recipient, you can start, edit and submit a Schedule 1 Attestation statement and Assurance report based on your reporting year on the Participant Portal by following the below steps:

16.1.1   Start and submit a Schedule 1 report

1. As a primary business contact, authorised business contact, primary IT contact or an authorised IT contact, log in to the Participant Portal at https://portal.cdr.gov.au and select **Organisation** from the top navigation menu, then **Reports>Schedule 1 reports** from the left side navigation pane.

2. Based on your participation (accredited data recipient who has not gone through streamline application process), you will be presented with a summary view of your

Schedule 1 reporting obligation for the current reporting period and next 2 years that are not submitted.
